

MULTI 1 ONE

Newsletter 01/18 – Winter end maintenance - 22 march 2018

The Winter is over: it's time to clean!

For road cleaning to walkway sweeping, MultiOne loaders are the best all-in-one solution for any property and street maintenance needs.

Clean parking lots, sidewalks, loading docks, warehouses, and more with the Multione. Sweeper, Street Washer and High Pressure Washer make MultiOne the right choice to sweep off leaves, debris, dust and much more!

MultiOne is the perfect tool for property maintenance, thanks to its low ground impact and ease of operation.

With over 170 attachments available, you have control of the most versatile compact mini articulated loader that can be adapted for sweeping, mowing, lifting, shifting, cleaning, mixing, digging, snow clearing and much more.

With compact dimensions, articulated chassis and up front seating position amazing manoeuvrability is granted in tight spaces and with all round visibility.

High drive speed provides increased mobility across large areas.

Sweeper

The MultiOne sweeper is equipped with a floating attachment bracket and 4 support wheels that guarantee smooth and easy sweeping operations.

The sweeping angle is manually adjusted. This sweeper is available with collection box and dust reduction water spray system as optional. A single hydraulically driven side brush can be mounted on the right side of the collection box.

MultiOne Street Washer is the best solution for quickly cleaning public roads, town centers, car parks, market squares, large industrial areas, resort walkways, wherever hygiene is required.

- The spray bar can be tilted up at 90°
- Includes a hand spray wand with 10 m (32 ft) hose on a storage reel
- High capacity tank

Street Washer

High Pressure Washer

The powerful 170 bar (2,465 psi) pressure jet cleans dirt, built up and dry mud, waxes, oils, grease, strips old paint, and more from any surfaces. This pressure washer system makes cleaning buildings and graffiti removal an efficient process.

Using MultiOne's hydraulic power and portability, this self contained pressure washer system effectively works in remote locations.
