

HIGH PRESSURE WASHER

FEATURES & BENEFITS

- Efficient high pressure, self contained washer system
- Equipped with a hand held spray wand with a 10 m (33 ft) hose

High pressure washer is perfect for cleaning construction sites and general maintenance. The powerful 170 bar (2,465 psi) pressure jet cleans dirt, built up and dry mud, waxes, oils, grease, strips old paint, and more from any surface.

This pressure washer system, combined with the on-board 200 l (53 gal) water tank, makes cleaning buildings and graffiti removal an efficient process. It is possible to regulate the water pressure, the tank is equipped with an filter and a level indicator. The hand held spray has a adjustable nozzle to set the water jet width. Using the MultiOne's hydraulic power and portability, this self contained pressure washer system effectively works in remote locations where electricity or water are not available.

Model	Pressure	Volume*	Hydraulic power	Pipe length	Weight	Code
High pressure washer	170 bar	200 l (52.8 gal)	35 l/min (9.2 GPM)	/	75 kg (166 lbs)	C891200
Hand spray wand (included)		/	/	10 m (32.8 ft)	/	/
