

SICKLE BAR MOWER

FEATURES & BENEFITS

- Robust and economical long hay cutter
- Compact dimensions
- Cost effective
- Fast

The MultiOne hydraulically powered sickle bar mower has been designed to quickly and effectively cut long grasses and hay on fields, meadows, and road banks.

Thanks to its small size it is easily transportable and can be used in hard-to-reach areas.

It is equipped with two blades, one fixed and one mobile.

The sickle bar mower is ideal for cutting these grasses which can be harvested in a secondary process.

It is equipped with two adjustable skids to set the cutting height.

Note: suggested floating boom valve on machine.
